THE RESIDENCE

Redesigned from the ground up, inside and out

This Queens Meadow villa has undergone an extensive, high-specification renovation and complete interior redesign. Bespoke joinery, premium finishes and smart-home upgrades run throughout, and the indoor and outdoor living spaces have been fully transformed.

The ground floor now flows as one bright, open-plan space, opening directly onto a resort-style garden with a redesigned private pool.

GROUND FLOOR

Open-plan living, flooded with light

The ground floor has been redesigned as one contemporary open-plan space. The original enclosed kitchen has been opened up, and the original atrium is now part of the living area, crowned by a new architectural skylight that keeps the natural light and gives full weather protection.

- Large sliding doors open the living room directly onto the garden
- New ceilings and a complete new lighting scheme
- Luxury herringbone LVT flooring with new skirting

CRAFTSMANSHIP

Bespoke detail in every room

A curved TV feature wall with custom cabinetry and integrated ambient lighting anchors the living room. Decorative wall panelling runs throughout the villa, with the electrical cupboards concealed behind it, all finished in a sophisticated neutral palette.

KITCHEN & ENTERTAINING

A designer kitchen and an arched home bar

A Miewes designer kitchen with premium integrated Miele appliances, extensive bespoke cabinetry and a feature island.

Custom arched home bar with stone countertop, sink and feature lighting

Dual-temperature wine cooler

Dedicated drinking-water filtration in the kitchen

ENTRANCE & HALL

A statement staircase and a striking arrival

A white stone staircase with glass balustrade and chrome handrail rises from the hall. Beneath it, bespoke mirrored glass storage gives extensive hidden space while doubling the light.

- Fully renovated ground-floor powder room
- New deep brown contrast internal doors
- Entrance doors refurbished and spray-finished, with smart locks

BEDROOMS

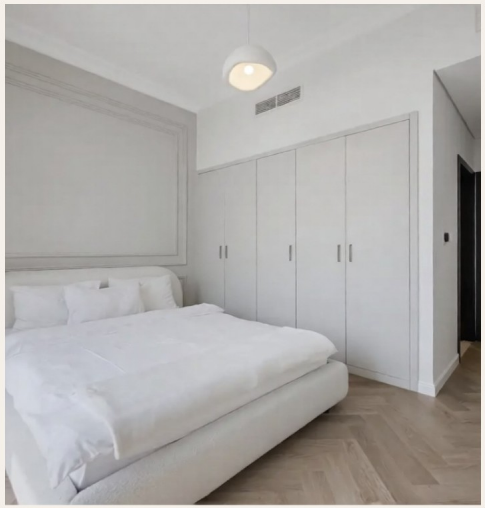

Four bedrooms, calm and light-filled

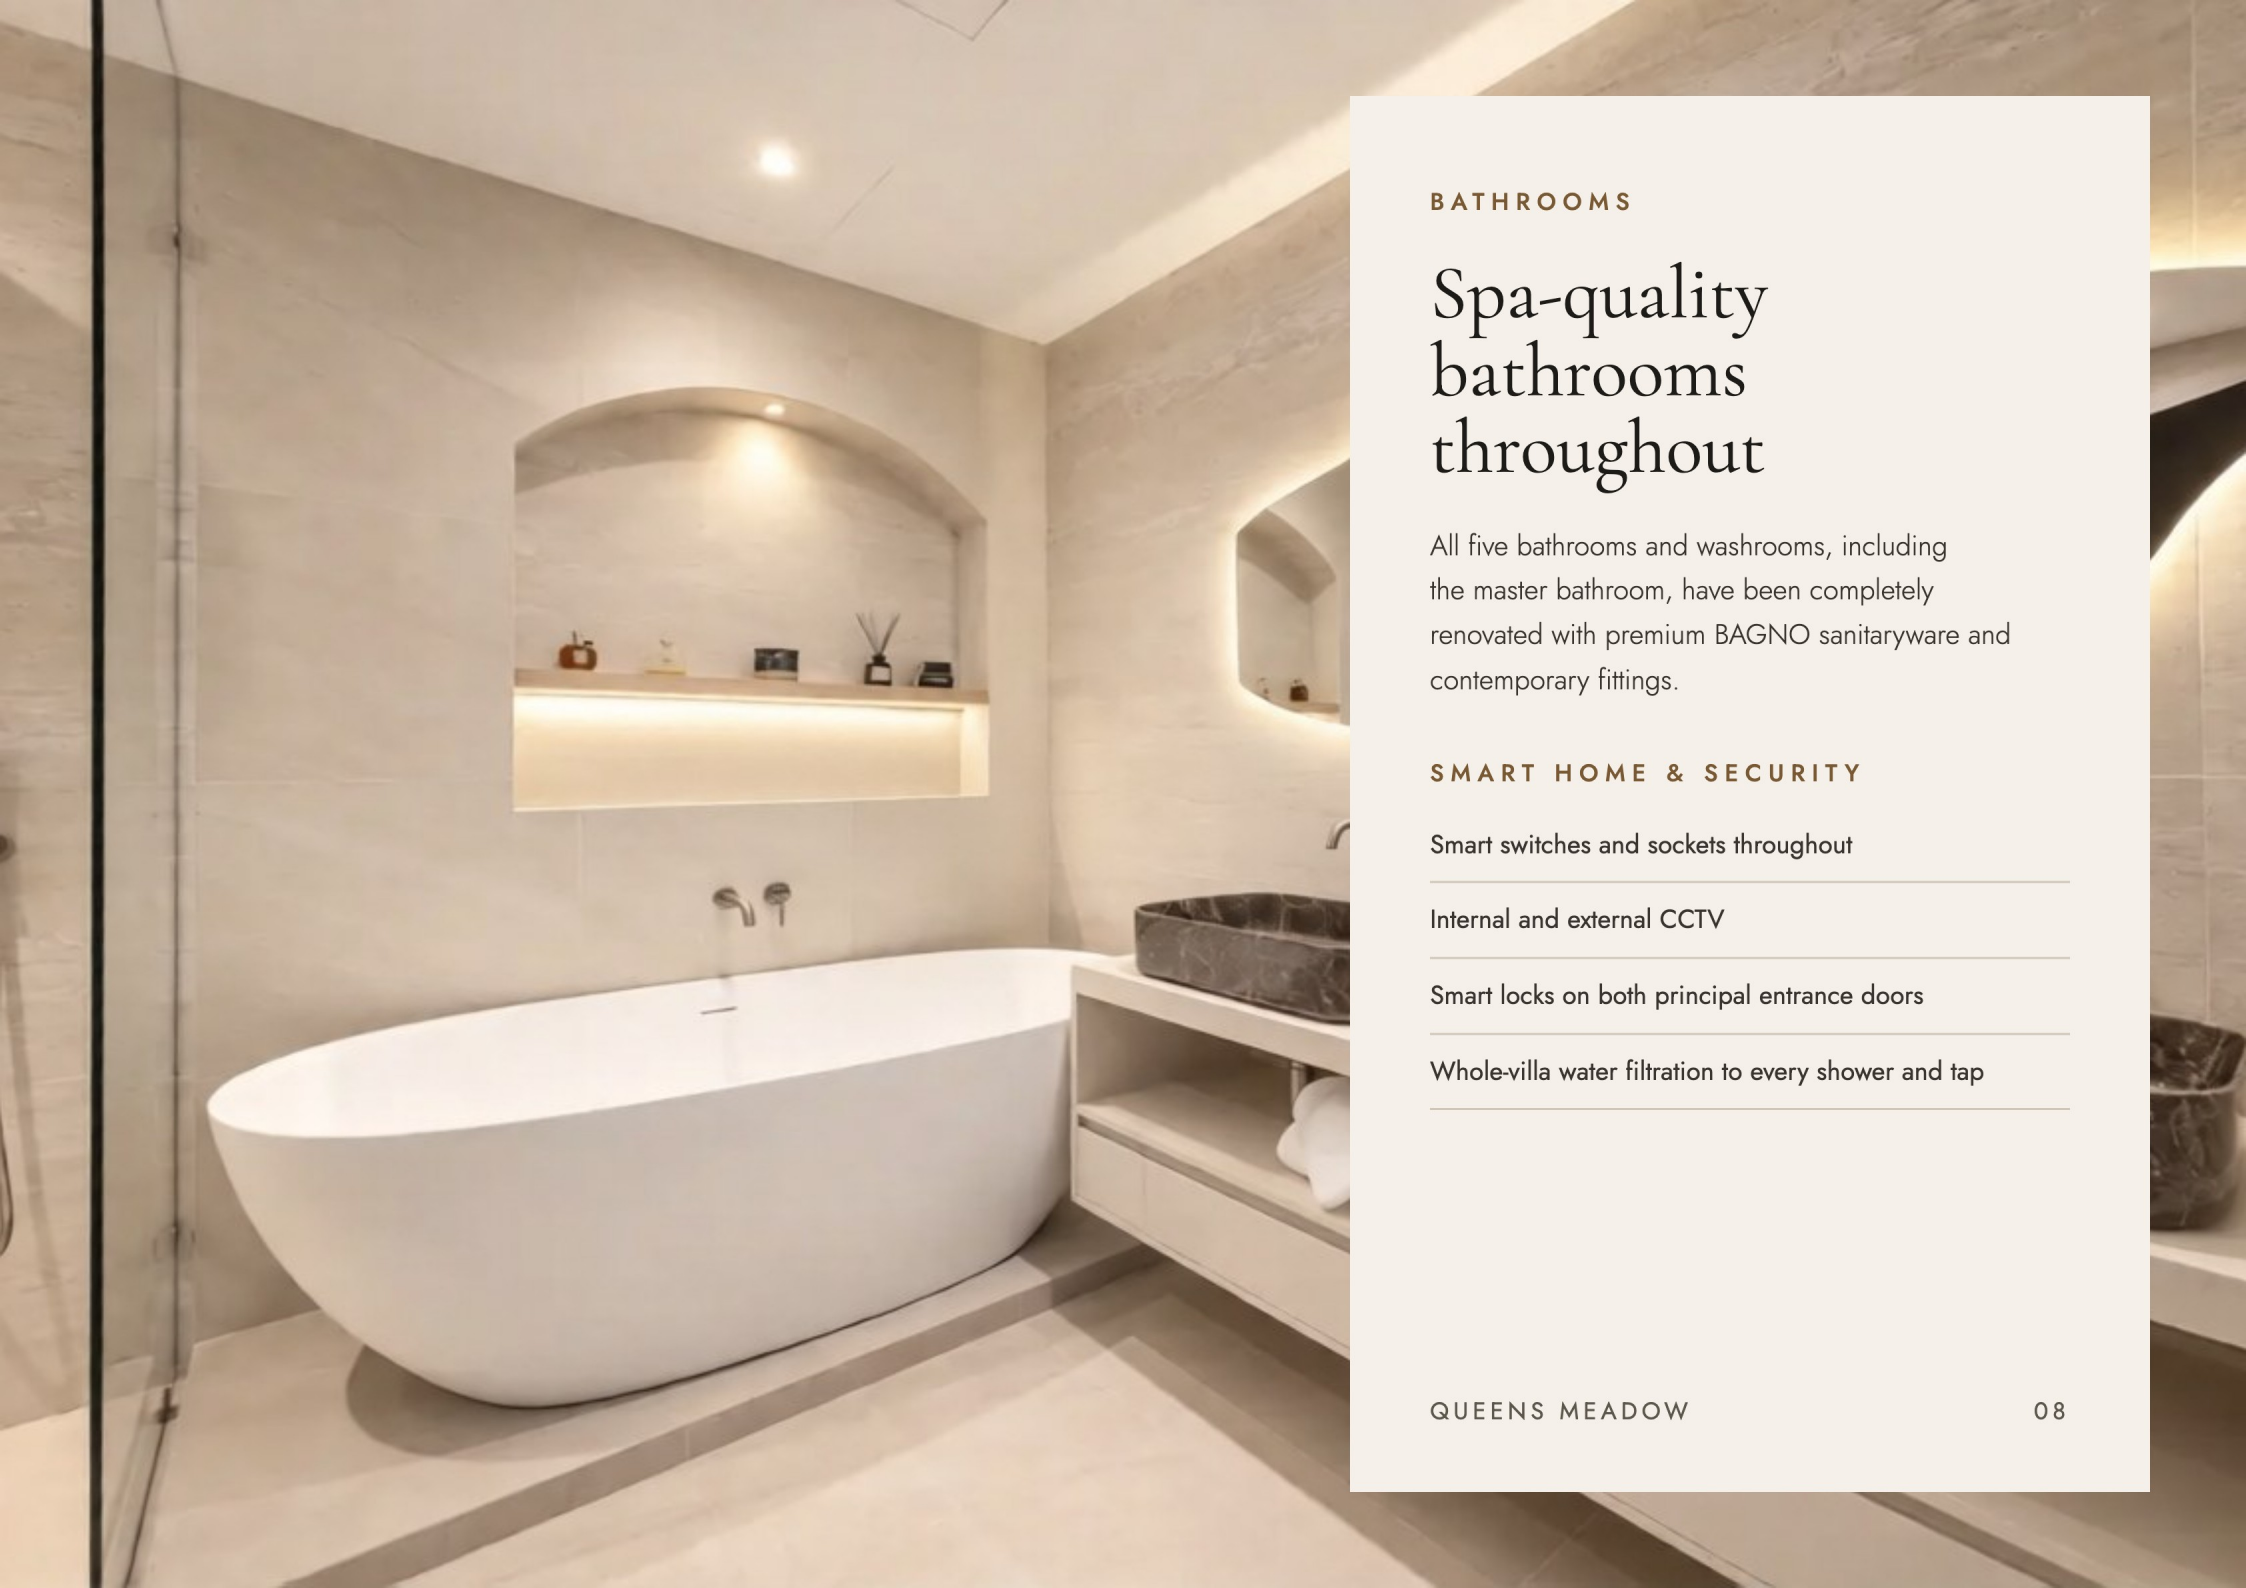

The master suite has bespoke mirrored glass wardrobes and a custom-built walk-in dressing room with extensive fitted storage. Panelled feature walls and herringbone floors continue through the bedrooms and upper landing.

BATHROOMS

Spa-quality bathrooms throughout

All five bathrooms and washrooms, including the master bathroom, have been completely renovated with premium BAGNO sanitaryware and contemporary fittings.

SMART HOME & SECURITY

- Smart switches and sockets throughout
- Internal and external CCTV
- Smart locks on both principal entrance doors
- Whole-villa water filtration to every shower and tap

OUTDOOR LIVING

A resort-style garden and private pool

A completely redesigned pool in premium Bali tiles, a sunken lounge with integrated lighting, a custom BBQ and entertaining area with seating and sink, and a sculptural curved outdoor shower. Mature olive trees, flowering plumeria and a feature green wall frame the space.
